

TANJORE DENTURE CAMP 2018

Respected Secretary Sir,

Last weekend, the Indian Prosthodontic Society – Tamil Nadu State Branch made all heads turn by successfully conducting a Denture Camp at Tanjore. The Denture Camp was held on December 8th and 9th, 2018 at Little Scholars Mat. Hr. Sec. School, Tanjore.

The camp was organized by the combined efforts of the IPS – TN State Branch and the Rotary Club South, Tanjore. The main objective of this camp was to cater the needs of completely edentulous patients whose economic status did not permit them to undergo treatment elsewhere. The camp also drew the attention of the public and created awareness about edentulism and that prosthodontists are the solution to this problem. We made it mandatory for all the prosthodontists who participated in the camp to wear our speciality t-shirts thus spreading the importance of our speciality.

5 colleges from all over Tamil Nadu were given the prestigious opportunity to participate in this denture camp. The participating colleges were Tagore Dental College and Hospital, Chettinad Dental College, Thai Mookambikai Dental College and Hospital, Vinayaka Missions Institute of Dental Sciences and Raja Muthiah Dental College, Annamalai University.

The camp was coordinated throughout the state by Dr. Anand Kumar V, Head of the Department of Prosthodontics, Sri Ramachandra Dental College who made prior visits to see to that everything was organized properly and the venue was locally coordinated by Dr. Sathish, member of the Rotary Club of Tanjore.

A total of 104 patients were benefitted from this camp. The camp began at 08:30 am on December 8th, 2018 with the master impression of the completely edentulous patients. It concluded at 01:30 pm on December 9th, 2018 with the insertion of the complete dentures in all the 104 patients. All the participants worked vigorously through the night to deliver the complete dentures for the patients.

The camp was meticulously planned for the past several months by both the IPS – TN State Branch and the Rotary Club and was well executed on both days. It was successfully completed by the tireless efforts of the 16 attending PG staffs, among which 3 were Heads of the Department of Prosthodontics at Vinayaka Missions Institute of Dental Sciences, Tagore Dental College and Chettinad Dental College and the participating UG and PG students and technicians.

The transportation and the consumables for all the participants were sponsored by the IPS TN Branch. The accommodation, food, transportation of the patients and the venue arrangements were taken care of by the local Rotary Club.

We would like to extend our gratitude to Dr.V.Rangarajan and Dr.T.V.Padmanabhan for the continuous guidance and support. The entire event was systematically executed by the efforts

of Dr. Venkatakrishnan, Secretary - IPS TN State Branch and Dr. Jayashree Mohan, President – IPS TN State Branch. We also thank Dr. Sanketh Reddy, Treasurer - IPS TN Branch for taking care of the financial needs of the camp.

Our special thanks to all those who supported this camp and also to all the participants for their enthusiasm and hard work at the camp.

At this juncture, we'd like to extend our sincere gratitude to the IPS Head Office also.

Regards,

Dr. C.J. Venkatakrishnan

Secretary – IPS TN State Branch
